

PRESS RELEASE | 26TH FEBRUARY 2021

## *Muslim Sports Foundation partners up with Watford FC Community Sports & Education Trust.*

### *Muslim Sports Foundation partners up with Watford FC CSE Trust.*

The MSF is happy to announce Watford FC CSE Trust as a strategic partner. The MSF and Watford FC CSE Trust will collaboratively tackle inequalities facing our community concerning physical activity in Greater West London.

#### *Statement from Sajid Hussain- Chair- Muslim Sports foundation*

We are continually striving to break down barriers providing equality of access to marginalised sections of society. Our development managers are working with Karen and her team to tackle inequalities at the heart of the community. The MSF are passionate about establishing viable relationships with organisations committed to our vision of a sustainable community eco-system. In line with our 12-year strategic plan, the MSF will continue to support organisations dedicated to facilitating local communities in a culturally appropriate and sustainable setting. We will continue to assist Watford FC CSE Trust in delivering much-needed projects by liaising with the community they serve. We will advise, petition, and collaborate with influential organisations and governing bodies to ensure that the MSF vision reaches fruition.

#### *Statement from Karen Stephanou- Equality, Diversity, and Inclusion Strategic Lead- Watford FC CSE Trust*

Watford FC Community and Sport Education Trust strongly believe in the power of partnerships to make a positive difference in the communities we serve through sport, physical activity, and learning. Forming this essential positive partnership with the Muslim Sport Foundation will enable the Trust to unlock new opportunities to work with children, young people, and adults. It will also provide an avenue to be more inclusive through our delivery programmes. This partnership will help the Trust learn and educate our staff on different cultures and offer the Muslim community a vehicle to understand that we are here to help. We look forward to commencing our new partnership seeking to create opportunities to enhance our communities..
